

## **Stellungnahme weihnachtsdekoration.at**

Dear GLOBAL 2000,

We have cancel this items in our system and will not bring them in the market.

The qty. where not big, it's old stock from years ago.

We don't know what factory this items where produced.

All new tree tops we buy are from a supplier who produce by reach rules, same with plastic balls.

The trees we also buy at a new supplier since years, this PVC film is reach as well. We pay attention to this always.

Same with laquers we work with Kaiser since years, a well known brand name.

We try to do our best always by import our items.

We will check again some old stock items, but we don't think there is much more, for sure not in big qty. any more.

For now we will distroy this item numbers, no problem.

Regards,

Raymond den Iseger
